KAWAMOTO NOZOMI

📞 +81-80-5755-6326
✉ n0z0me.2ca@gmail.com

Education

Shinshu University
B.S. Engineering(Mar 2019)

Main area: Computer Science

Research: research title is Method for classification of SEP relative to finger vibrotactile stimuli

Skills

· Cloud · Python, Javascript, C, etc. · Designing and Manageing Elastic Stack. · React, Next.js. · Git, GitHub.

Profile

I am Nozomi Kawamoto. I graduated from the faculty of Engineering in Shinshu University, majored in Computer Science. My main research was BMI(Brain-Machine Interface) using EEG(Electroencephalogram), and I am better at software engineering than hardware engineering. About software engineering, my expertise ranges from HTML/CSS/Javascript to low-level programming. And I have solid knowledge on cloud architecture and ETL processing pipeline.

Experience

SoftBank - April, 2019 - Present
Full Stack Engineer.

CiNet - June, 2018 - March, 2019
Research Trainee. Main area was EEG-BMI.

SoftBank - August, 2017
Summer Internship. Brainstorming new application ideas and make mocks. And, functional verification of SDN Switch.

freee - September, 2017
Summer Internship. SRE Engineer.

Colt Technology - August, 2015
Summer Internship. Network Engineer. Management jobs for servers and network equipments in a data center.
